The construction company NDI provides a professional range of services, guaranteeing the quality of the work performed.

Our extensive experience in the construction industry allows our clients to feel comfortable during the work process and leaves them with a pleasant impression.

The supply of high-quality materials and professionals in their field is our top priority.

By coming to us, we can select such professionals for you as

Decorator

This is the person who can complete the most difficult tasks. Decorative plastering will always allow you to implement individuality in your renovation, maintain a high style, and always keep up with the times.

Finishing works

We provide "turnkey" finishing services. A team of professional finishing workers will perform any type of work, both rough and finishing.

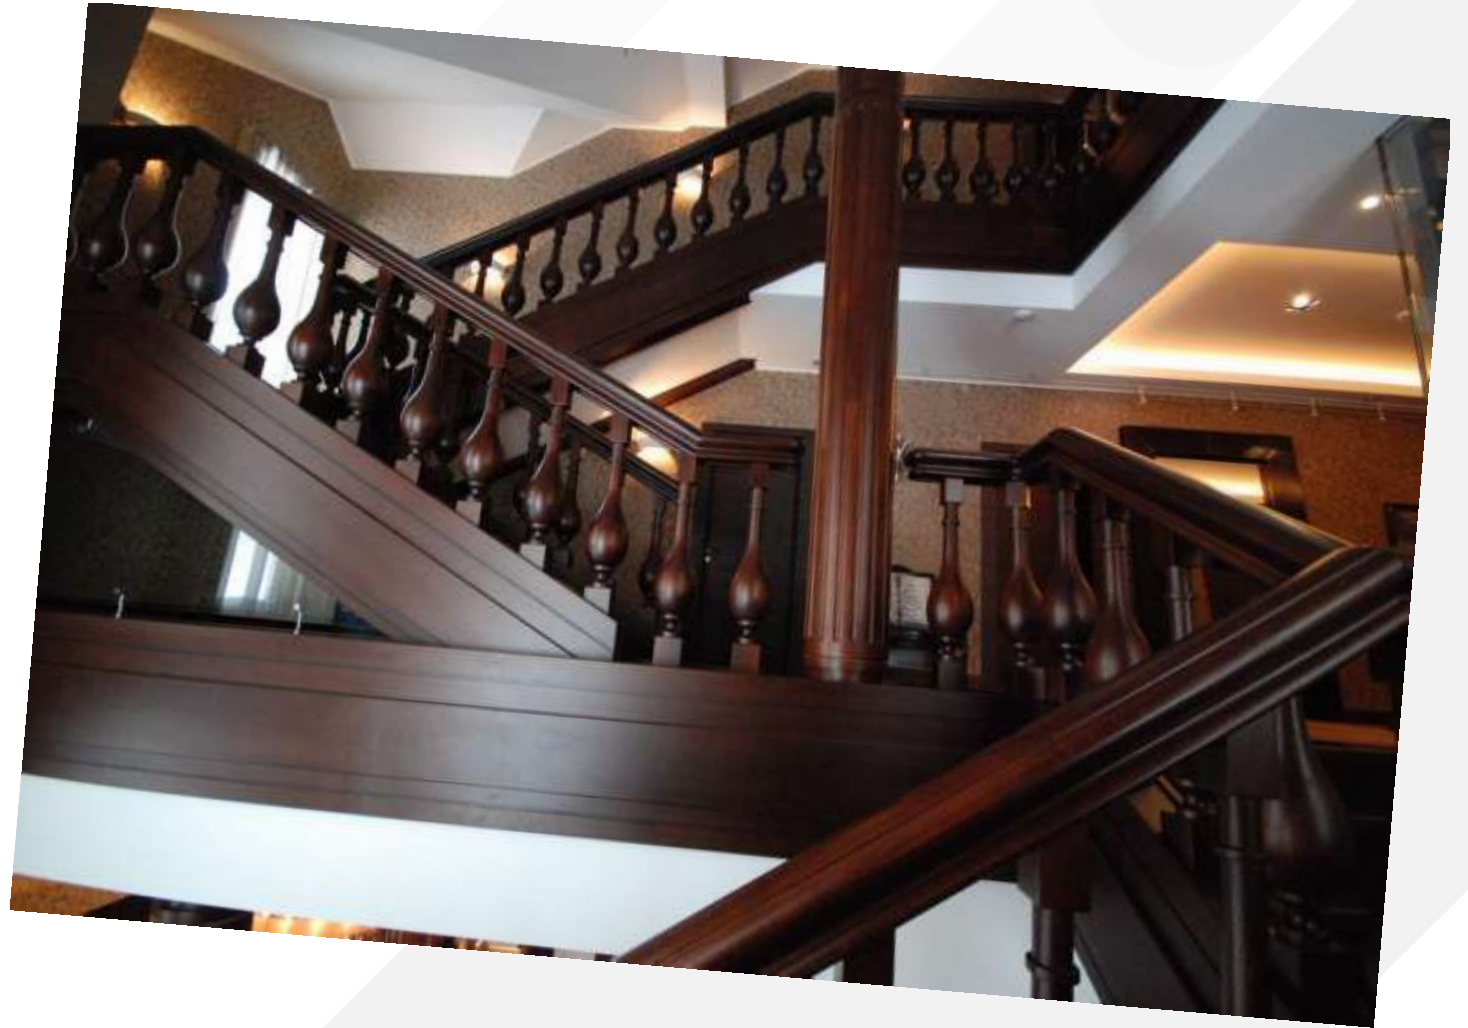

Facade works

We provide services for the so-called "wet facade", which includes insulation, reinforcement, and decoration.

Carpentry works

Our team of carpenters provides such types of work as the installation of terrace boards, the construction of gazebos, and various sheds.
